

The Legal Management Platform
that makes your legal, ethical and
compliance functions
power your CSR/ESG strategy

Environment

Key ESG objectives

- > Sustainable society
- > Renewable energy
- > Prevent global warming

Key ESG KPIs

- > Reduce carbon footprint
- > Countering global warming

GRI section 305

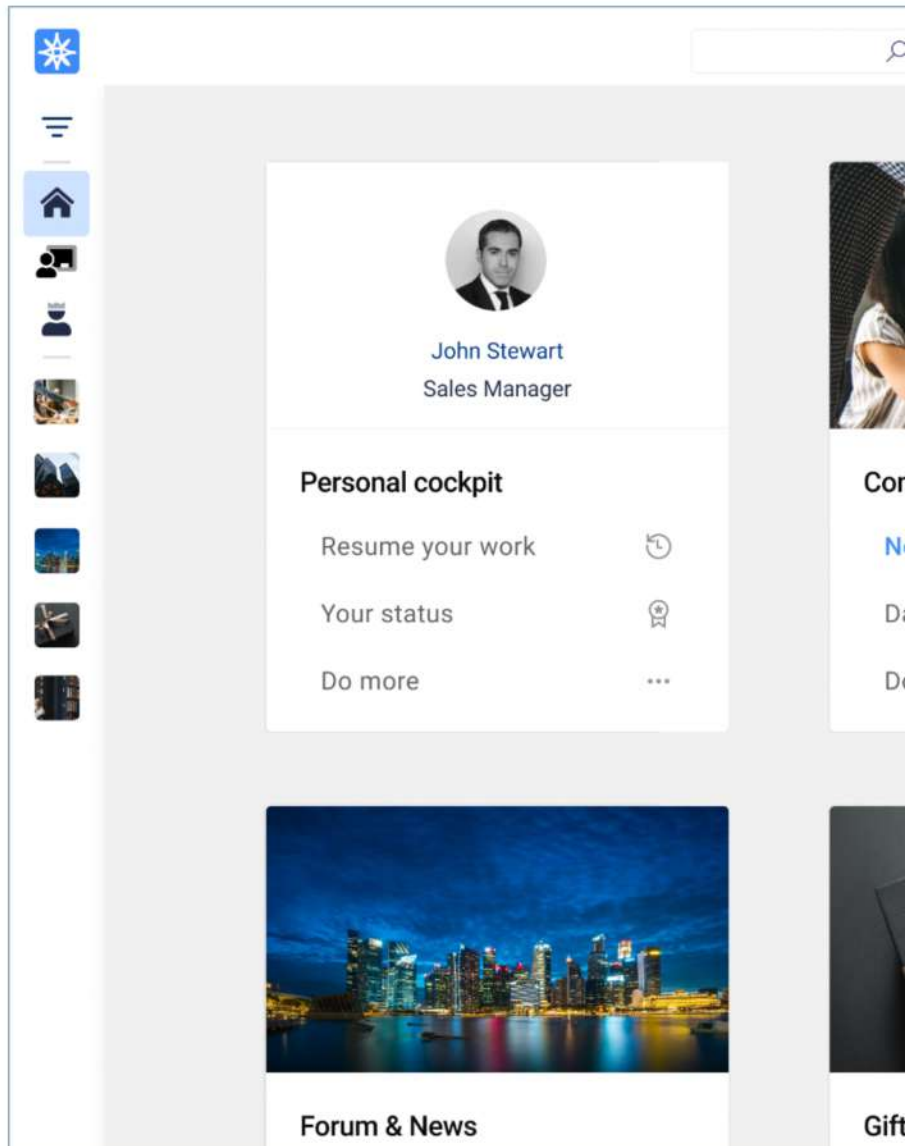

ISO 26 000: sections 6.5.4 & 6.5.5

How Legalcluster helps

We reduce the carbon footprint of your legal and compliance teams by up to 90%.

> Collaborative spaces centralize communication and information sharing, limiting the use of email.

> As a Microsoft Gold Partner, the Legalcluster platform uses a carbon neutral architecture based on MS Azure.

Social

Key ESG objectives

- > Lengthening the lifespan of infrastructure
- > Customer satisfaction
- > Community vitalization
- > Corporate citizenship

Key ESG KPIs

- > Safety & security for social infrastructure
- > Optimal quality & customer satisfaction
- > Work/life balance
- > Securing the workforce
- > Contributing to society

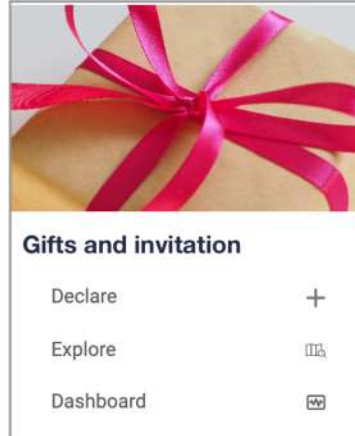

GRI section 403, 404, 410
ISO 26 000: sections 6.4.6 & 6.4.7

How Legalcluster helps

We value each employee as a member of a virtuous community, the foundation of any sustainable growth strategy

> Legalcluster optimizes the distribution and application of compliance policies and programs.

> The platform gives each employee one-click access to what they need to act securely and in compliance

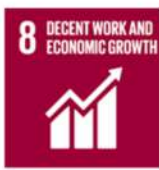

Governance

Key ESG objectives

- > Corporate Governance
- > Preventing corruption
- > Information security

Key ESG KPIs

- > Enable companies to manage their subsidiaries & holding
- > Enable companies to manage third party and matter management risks
- > Optimize compliance programs & policies management, publication & communication

GRI section 205, 206, 308, 414
ISO 26 000: sections 6.2, 6.6, 6.3.3

How Legalcluster helps

Legalcluster enables governance of organizations, ecosystems and data

- > Legalcluster facilitates the management of subsidiaries, shareholdings, delegations of authority
- > The platform optimizes the mapping of suppliers, third parties and advisors
- > Data auditing, reporting and intelligence are facilitated at the organizational level.

The legal, ethics and compliance functions, levers for sustainable growth

Protect your organization as it grows sustainably

- Control risks
- Support growth in full compliance and legal security
- Be the driving force behind your CSR/ESG policy

Optimize your legal and compliance teams operational efficiency

- Faster in data collection
- Smarter in operational management
- More efficient in your ROI

Empower each employee to be a stakeholder of the legal function

- More informed about rules & programs
- More efficient in its legal and compliance operations
- More collaborative around legal and compliance issues

Map & enhance legal data in a platform logic

- Capture data within modules based on platform functionality
- Enrich via APIs
- Mobilize data via dynamic dashboards

Leverage the Microsoft + Legalcluster power

Gold

Microsoft Partner

Our partnership with Microsoft allows you to integrate the digital transformation of your legal and compliance functions into your company's overall IT dynamics and to reach as many people as possible.

About Legalcluster

Legalcluster is a brand of Seville More Helory, a French Young Innovative Company (JEI) created in 2017 by legal and tech experts.

Legalcluster has 40 professionals, and by the end of 2021 more than 450,000 users of its platform.

Legalcluster is a member of the Cercle de la Compliance and the Filière des Services Juridiques et du Droit.

Legalcluster is a Microsoft Gold Partner, offering the highest level of tech & security performance on the market.
